

PUBLIC NOTICE August 2, 2022 – LEADS, Inc. 160 Wilson Street Newark, OH 43055 is seeking Bids/Quotes for an Automated Door Entry System with voice and video interaction-

Door Entry System – Two automated door entry systems with (2) desk monitors each. This should allow a customer to push a button to talk and be seen on camera. This system should allow an employee to see the customer/individual on a monitor and have a two-way conversation. Each system should supply and allow (2) remote buttons to unlock the door. The inside needs a self-locking panic paddle or bar to egress the building.

This will provide for a safer work environment for staff as the neighborhood is seeing substantial increase in crime. The other benefits include a better lockdown during a threat or a virus outbreak or virus resurgence.

Please see a bid/quote for complete hardware, software and labor costs:
